

display/box/float/clear test

February 28, 2014

**toggle**     • the way  
             • the world ends  
             bang  
             whimper  
             • i grow old  
             • pluo?  
             bar maids,

**sing to me, erbarme dich**

This is a nonsensical document, but syntactically valid HTML 4.0. All 100%-conformant CSS1 agents should be able to render the document elements above this paragraph indistinguishably (to the pixel) from this [reference rendering](#), (except font rasterization and form widgets). All discrepancies should be traceable to CSS1 implementation shortcomings. Once you have finished evaluating this test, you can return to the [parent page](#).
